BEST SHOE REPAIR

Fast Eddie's

Yeah, he's fast--he got my split but beloved Timberlands back on my feet inside of a week at a fraction of the cost of new boots, which I was all ready to buy. But why? Isn't there enough waste in the world already? Fight the urge to ditch those shoes that have served you so well and bring them to Eddie--he'll restore their sole (their uppers, too, if necessary) and send you on your way a better, and richer, person for it.
